Add electrical power to almost any Conference table or desktop with the Power Access unit. This folding unit installs into a grommet to provide desktop power outlets where you need them most. Plug in your computer, monitor, cell phone, and tablet with it. This power pack is designed to fold down when not in use, preserving your desktop space. Easy access to power is an invaluable resource in our world of consumer electronics, and this Power Access Solution is the most logical on the market.

INTERIOR DESIGN

At any of our Vina showrooms we offer lots of inspiration and ideas about your needs and interior design requirement. We endeavor to get a good grasp of your tastes and priorities in order to serve you better. The next step is to visit you at office, hotel or home, or alternatively you can provide us with your floor plans and pictures to the showroom. You can choose quality furniture from our showrooms, and then we will deal with all the essential details from layout to delivery and assembly. From supplying you our standard quality furniture to designing and executing custom-made large scale projects, whether you live on 5 or 500 sqm, or you own a small business or large line of hotels..., we can create a design that makes the most out of your space. When you are 100% satisfied with your new interior plan, we place the order. For quick and easy delivery and assembly, our professional service team will help you. They take care of transport and installation, they are well trained in our products so you can be sure that your new piece of quality furniture is delivered and assembled correctly. Our delivery service includes removal of packaging, expert assembly and placement of the furniture in your home. If the item is in stock, feel free to pick up the furniture at our warehouse right away.

Decorative high-pressure laminate is high quality with robust melamine resin surface and sanded reverse. Surface material for high-quality kitchen, office furniture, for walls and doors, in the restaurant sector, in administration buildings, schools, sanitary, clinical or laboratory sectors. Particularly where high demands are made on sturdiness, ease of care and hygiene.

Resin

A reception desk built with resin will not only leave a lasting impression, it will also last for years and years. Its solid surface is nonporous and it can easily be cleaned and maintained for the long run.

Solid Wood The wood is dried in our own kilns before being manufactured into the various pieces needed for assembly. The wood is then painted with a suitable color of stain to protect it and give it a nice finish.

We build our products from a wide range of the highest quality materials sourced locally and from around the world. This broad variety of materials gives us the added flexibility to produce an extensive array of products. These materials include: Natural wood, laminates, imitation leather, upholstery fabrics, glass, steel tubes, sections and sheeting.

Smart desk solutions

Utility tray: Tired of losing your pens, pencils and small office supplies? this Utility Tray gives you a convenient storage space for these things without sacrificing space in your Pedestal. The Utility Tray rests on top of your drawer, giving you usable space beneath it, and comes with built in storage bins for small accessories like paper clips or push pins. Quickly add organization to your Pedestal with this convenient and easy to use Utility Tray.

Enjoy a spacious work surface and share your fashionable tastes with the commercial-grade L-Shaped Desk. If you're a small business owner or entrepreneur, this gives your office the urban appeal of mid-century modern styling with a beautiful blend of metal and wood.

Hinges: Sturdy, Durable and functional, everything from full adjustability to soft close settings which can be personalized to your liking.

Accessories: This Letter tray is a low-cost, flexible method of filing paper, satisfying your need to organize and get documents off your worksurface.
